

# Online Advertising

Enhanced *monitordaily* banner ad offerings, coupled with full website rotation and popular content proximity features, ensure maximum visibility and audience engagement.

## WEBSITE BANNERS

*Monitordaily's* homepage banner ad zones are available in three sizes to maximize visibility and feature full rotation throughout the entire website including all daily linked news story pages. Banner ad zones are limited as to the number of advertisers in rotation to ensure delivery of a minimum number of page impressions over the duration of a contract. Banner ad metrics will be provided so you always know how your banner ad is performing.

### Leaderboard

Our most exclusive and visible banner ad! The leaderboard is positioned at the top of the *monitordaily* homepage and maintains that line-of-sight position on every page throughout the entire website.

### Top Box Banner

The box banner runs along the right side of *monitordaily's* news postings — ensuring an ongoing presence opposite our most popular content. In addition, as our online visitors click through to other website pages, these banner ad zones retain the same position on all landing pages on the *monitordaily* website.

### Skyscraper

The skyscraper is the largest banner ad zone, designed to catch a visitor's attention utilizing a large portion of prime webpage real estate.

### Value-Add

All banner advertisers will enjoy the added benefit of having their logos displayed prominently on the sponsor index page in the print, digital and mobile editions of the *Monitor* magazine for the duration of the contract.
